Steps were damaged in one of the storms – to evaluate to determine needed repair materials. Some used lights are available - \$50,000. Justin and Deanna Sinclair to explore further. Fencing needs to be done yet and should be about \$10,000. More signs are needed. School has indicated interest in helping us build a concession stand (materials?). Brad Green from the city is on board – need to request additional dollars from Parks & Recreation. Justin to check with Mike Eidenschink, current president of Builder's Association. Northwest District – ODP – scheduled to take place in Detroit Lakes if enough participants register. Requested names of likely candidates from coaches. Will contact recommended players by phone.

Newsletter – Discussion about whether the newsletter should be mailed out or just posted on the website. Would miss too many if it's just posted on the website – will include information about email access on next registration form. Comment from Justin – would be better to have an email list and send it out to people, rather than members remembering to log on themselves.

Website – management program for website has arrived Kim and Justin are in the process of loading it. Would like to get it on one more computer as back-up.

3 V 3 and NW District Tournament – Recommendations for next year. (Not covered)
